For each of the following Industrialist you will do research to reveal their part in the industrialization of America. For each person give me some background but focus more on finding information on investments, rivalries, type of industry, wealth and impact that they had on this era. You will need to use at least 2 credible sources and provide a bibliography for each source. (Remember that this is the perfect time to use reference books and online resource on the school library web page.)

**John D Rockefeller**

---

Bibliography:
J.P. Morgan

Bibliography:
Andrew Carnegie

Bibliography:
Cornelius Vanderbilt
